- 1.3.3. Nothing in this By-law serves to relieve any **person** from the obligation to comply with the provisions and requirements of any by-law of the **City** in force from time to time or the obligation to obtain any licence, permit, authority, or approval required under the by-laws of the **City** or of any other **public authority** having jurisdiction.

1.6. Transition Provisions

Complete Applications for a Building Permit

1.6.1. Nothing in this By-law prevents the **development** or **use** of a **lot** or a **building** for which a complete application for a building permit was received by the **City** on or before the date of passing of this By-law, if the **development** or **use** complies, or the building permit application is amended to comply, with the provisions of the applicable **former zoning by-law** as it read immediately prior to the passing of this By-law.

Other Types of Complete Applications

- 1.6.2.** Where a complete application was received by the **City** on or before the date of passing of this By-law for the **development** or **use** of a **lot** or one or more **buildings**, approval may be granted in the context of the applicable **former zoning by-law** as it read immediately prior to the passing of this By-law, for one or more of the following applications where they are consistent with the intent of the complete application:

 - 2.** Site plan control approval pursuant to Section 41 of the *Planning Act*;
 - 3.** Consent pursuant to Section 53 of the *Planning Act*;

- 1.6.4.** Nothing in this By-law applies so as to continue the exemption provided by Clauses 1.6.1. and 1.6.2. beyond the issuance of the final building permit upon which the exemptions are founded.
- 1.6.5.** Clauses 1.6.1., 1.6.2., 1.6.3. and 1.6.4. are repealed in their entirety three years after the date of passing of this By-law.

1.7. Minor Variances

- 1.7.1.** During the three-year period commencing on the date of passing of this By-law and expiring on the date specified in Clause 1.6.5., a building permit may be issued in

the context of the applicable **former zoning by-law** as it read immediately prior to the passing of this By-law for any **development** subject to one or more approved minor variances under the provisions of the applicable **former zoning by-law**.

- 1.7.2.** After the three-year period in Clause 1.6.5. expires, minor variances approved under the provisions of the applicable **former zoning by-law** may be relied upon only if the zoning provision respecting the minor variance is the same or more permissive in this By-law than in the applicable **former zoning by-law**.

1.8. Non-Conformity and Non-Compliance

Legal Non-Conforming Uses

- 1.8.1.** A **use** that is not permitted by this By-law, but which was lawfully **used** for such purpose on the date of passing of this By-law, is considered a legal non-conforming **use**. Nothing in this By-law applies to prevent a legal non-conforming **use**, so long as it continues to be **used** for that purpose.

Nothing in this By-law applies to prevent a legal non-complying **building** so long as it continues to exist.
- 1.8.3.** If a **lot** contains a legal non-complying **building**, nothing in this By-law applies to prevent the further **development** of such **lot**, provided the **development**:
- 1.** Does not further increase the extent or degree of non-compliance with the provisions of this By-law; and
 - 2.** Complies with all other applicable provisions of this By-law.
- 1.8.4.** If a **lot** contains a legal non-complying **building**, nothing in this By-law applies to prevent the **development** of an **accessory building** on the **lot**, provided that the **development** complies with all applicable provisions of this By-law.

Legally Existing Lots

- 1.8.5.** A **lot** in existence on the date of passing of this By-law that does not meet the minimum **lot area** or **lot frontage** provisions of the underlying Zone is permitted to be **used** and **buildings** are permitted to be **developed** provided the **use** conforms with this By-law and the **buildings** comply with all other provisions of this By-law, including Subsection 4.8. requiring frontage on a **street**.

(By-Law Number 2022-62; 2024-332)

- 1.8.6.** A **lot in an AG Zone or RU Zone that is reduced in size through a severance application and is less than 40 hectares in lot area is permitted to be used and developed for agricultural uses provided any new buildings comply with all other provisions of this By-law, including Subsection 4.8, requiring frontage on a street.** A **lot** in a HAM Zone or RUR Zone in existence on the date of passing of this By-law that does not meet the minimum **lot area** or **lot frontage** provisions of the underlying Zone is permitted to be **used** and **buildings** are permitted to be **developed** provided the **use** conforms with this By-law and the **buildings** comply with all other provisions of this By-law, including Subsection 4.8. requiring frontage on a **street**.

- 1.9.2.** Where any portion of a **lot** is taken by the **City** or any **public authority** for the purpose of a **street** widening, **sight triangle**, turning lane or other similar **use**, existing **buildings** are not deemed to be legal non-complying as a result of the reduced **setbacks** or reduced **lot area**.
- 1.9.3.** Where any portion of a **lot** is taken by the **City** or any **public authority** for the purpose of a **street** widening, **sight triangle**, turning lane or other similar **use**, new **development** must be calculated on the entire **lot area** including the area taken by the **City** or any **public authority**. For clarity, this includes provisions that are measured based on **lot area**, such as **floor space index** or **lot coverage**.
- 1.9.4.** Where any portion of a **lot** is taken by the **City** or any **public authority** for the purpose of a **street** widening, **sight triangle**, turning lane or other similar **use**, new

1.12. Validity or Severability

- 1.12.1.** If a decision of a court of competent jurisdiction declares that one or more of the provisions of this By-law, including anything contained in the Schedules, are invalid and the judgment does not affect the validity of the remaining portions of this By-law, then the remaining portions are in full force and effect.

2.5.1. Schedule 1, the Zoning Map, identifies different areas, called Zones, into which this By-law divides the **City** and shows the Zone codes given to these areas. The Zones may be cited by either their Zone code or their Zone name.

2.5.2. Where the boundary of any Zone shown on Schedule 1:

- 1.** Follows a **street**, utility **right-of-way**, railway **right-of-way**, or watercourse, it is considered to follow the **centre line** of such **street**, utility **right-of-way**, railway **right-of-way**, or watercourse;
- 2.** Substantially follows **lot lines** shown on Schedule 1 or the electronic consolidation of Schedule 1, it is considered to follow such **lot lines**;
- 3.** Follows a **street** and, if the **street** is subsequently closed, the land in the closed **street** is considered to be included in the Zone of the adjoining land and if such **street** forms a boundary between two or more different Zones, it is considered to follow the **centre line** of that closed **street**; and
- 4.** Passes through a **lot** and the distance is not indicated, it is considered to be located as measured using the scale of Schedule 1.

2.5.3. Where a **lot** is divided into more than one Zone, the Zone boundary is not treated as a **lot line** and each portion of the **lot** must be **used** in accordance with the provisions of the underlying Zone. In the case of a conflict, the more restrictive provision applies.

(By-Law Number 2022-62; 2024-332)

2.5.7. All land within the municipal boundary of the **City** located under a **waterbody** is zoned EPA.

2.6. Zone Labels and Provisions

Subzones

2.6.1. Subzones are created by adding a period and upper case letter to the primary Zone code on the Zoning Map (for example: "UR3.B"), and have the effect of modifying the **uses** or the provisions of the primary Zone to the extent set out in the text of the provisions for that Subzone.

Holding Zones

2.6.2. Holding Overlays are created by identifying specific lands on Schedule D, Schedule F, Schedule G and Schedule J of this By-law and have the effect of restricting the **development** or **use** of a **lot** or **building** in accordance with the corresponding provisions until this By-law has been amended to remove the **lot** from the Holding Overlay in accordance with Section 36 of the **Planning Act**.

(By-Law Number 2022-62; 2024-332)

Temporary Zones

2.6.3. Temporary Zones are created by adding a hyphen and upper case "T" followed by a number (for example: "UR2-T1") to the Zone code on the Zoning Map, and have the effect of applying temporary **use** provisions pursuant to Section 39 of the **Planning Act**. Lands designated in this manner are subject to all provisions of the underlying Zone except as otherwise provided by the Temporary Zone provisions. The four major types of **wetlands** are swamps, marshes, bogs and fens. Periodically soaked or wet lands being **used** for **agricultural uses**, which no longer exhibit **wetland** characteristics, are not considered to be **wetlands** for the purposes of this definition.
- 3.23.15. Wholesale Establishment** means the **use** of any **lot** or **building** for the storage or distribution of goods from a manufacturer to a business or **person** other than the end user or consumer.
- 3.23.16. Workshop** means the **use** of any **lot** or **building** where manufacturing is performed by tradespeople requiring manual or mechanical skills and may include a machine shop, carpenter’s shop, furniture maker’s shop, locksmith’s shop, gunsmith’s shop, tinsmith’s shop, commercial welder’s shop or similar **uses** and excludes **uses** otherwise defined herein.

(By-Law Number 2022-62; 2024-332)
8. Despite Subclause 5., where an **accessory building** is less than 2.4 metres in height and 15 square metres in gross area (outside perimeter roof dimensions), the minimum **setback** from all **lot lines** is 0.6 metres.
(By-Law Number 2022-62; 2024-332)

 3. The maximum **height** of a **swimming pool** is 2.0 metres, excluding related equipment which must not exceed a maximum **height** of 4.5 metres. For the purpose of this Subsection, **height** of a **swimming pool** is the difference between the highest point of the **swimming pool** and the average grade level around the perimeter of the **swimming pool**;

4. A **swimming pool** must comply with the minimum **separation distance** from a **waterbody** in accordance with Subsection 4.23.; and
5. For the purpose of this Subsection, **decks** and **buildings accessory** to a **swimming pool** are not considered related equipment and must comply with all other provisions of this By-law.

4.2.2. Despite 4.2.1.2., where the main pedestrian entrance of a **building** on a **corner lot** is oriented towards the **exterior lot line**, a **swimming pool** may be located in the **front yard**.

4.3. Amenity Area

4.3.1. A minimum of 18.5 square metres of **amenity area** must be provided for each **dwelling unit** on a **lot** with four or more **dwelling units** in a **stacked townhouse**, **apartment building** or **mixed use building**. Where a **stacked townhouse** is configured in a manner that each **dwelling unit** is located on its own individual **lot**, this requirement does not apply.

(By-Law Number 2022-62; 2024-332; 2024-333)

4.3.2. Despite Clause 4.3.1., in the PA1, PA2, PAA3 or on lands subject to and developed in accordance with the Express Transit Area Overlay framework, a minimum of 10.0 square metres of **amenity area** must be provided for each **dwelling unit** on a **lot**.

4.3.4. **Amenity areas**, if provided as communal space, must be aggregated into one area or grouped into areas of not less than 54.0 square metres.

4.3.5. Where communal **amenity areas** are provided exterior to a **building**, such **amenity areas** must be accessed by a barrier-free path of travel that is a minimum 1.5 metres in width connecting the **amenity area** to a **street line** or a **building**.

4.4. Lot Servicing

4.4.1. In the **urban area**, a **lot** or **building** must not be **used** or **developed** unless there is adequate capacity in the sanitary sewer, stormwater sewer or stormwater management facility, and adequate potable water from a public water supply system, to the satisfaction of the **City**.

- 4.4.2.** Where a **lot** in the **urban area** is **developed** as of the date of passing of this By-law on **private services** or **partial services**, such **private services** or **partial services** may be deemed to fulfill the servicing requirements of Clause 4.4.1. where there is adequate capacity and/or water supply to the satisfaction of the **City**. The replacement of such existing **private services** or **partial services** is permitted.
- 4.4.3.** In the **rural area**, a **lot** or **building** must not be **used** or **developed** unless there are: adequate public, private, or communal sewage disposal facilities; adequate storm drainage facilities; and adequate potable water from a public, private, or communal water supply, to the satisfaction of the **City**.

The replacement of such **partial services** is permitted.
- 4.4.5.** Despite the Housing Constraint Area Overlay or any other provision of this By-law that establishes a Holding Overlay in accordance with Clause 2.6.2. in the **urban area** connected to sanitary sewer, stormwater sewer, or a public water supply system capacity, where a **lot** is **developed** in a manner that does not require a new lateral or increase the size of an existing lateral connection to a municipally owned water, sanitary or stormwater system, the applicable Holding Overlay condition does not apply.

(By-Law Number 2022-62; 2024-332)

4.5. Angular Planes and Build-to-Planes

Angular Planes

- 4.5.1.** In addition to maximum **height**, in certain Zones the calculation of an **angular plane** is required in determining maximum **height**. Where the calculation of an **angular plane** is required, the following provisions apply:
- 1.** No part of a **building** is permitted to project above the **angular plane** unless otherwise specified in this By-law;
 - 2.** The maximum **height** provision for the specific Zone continues to apply in addition to the **angular plane** provisions; and
 - 3.** The **angular plane** commences at a specified **height** measured from the average existing grade of the **build-to-plane** and equals the length of the **street line**.

Build-to-Plane

4.5.2. Where the calculation of a **build-to-plane** is required, the following provisions apply:

- 1.** The **height** of the **build-to-plane** must be the lesser of the maximum **height** for the underlying Zone, or the **height** specified for commencement of an **angular plane**;
- 2.** The length of the **build-to-plane** equals the length of the **street line**; and
- 3.** A minimum of 80% of the **main wall** of any **building constructed** along the **street line** must be **developed** at the **build-to-plane**. The balance of the **main wall** of the **building** must not encroach within the specified **setback** distance for the **build-to-plane**.

Diagram 4.5.2. – Angular Plane and Build-to-Plane

4.6. Sight Triangles

4.6.1. Despite anything to the contrary in this By-law, the following are prohibited within a **sight triangle**:

1. A **building**;
2. Any equipment, feature or landscaping, including a wall, tree, hedge, bush or other similar feature, which exceeds 1.0 metre in **height** above the elevation of the intersection of the two **centre lines** of the adjacent **streets**;
3. A **driveway, parking lot, commercial parking lot or parking space**; and
4. A grade level which exceeds the elevation of the intersection of the two **centre lines** of the adjacent **streets** by more than 0.5 metres.

4.6.2. **Sight triangles** are required on a **corner lot** and must comply with the dimensions identified Table 4.6.2., in accordance with the **street** type identified in Schedule 4 of this By-law. Table 4.6.2 provides the required length along the **front lot line** in metres and the required length along the **exterior lot line** in metres with an “x” in between (for example, “4.5 x 4.5” is 4.5 metres along the **front lot line** and 4.5 metres along the **exterior lot line**).

Table 4.6.2. – Sight Triangle Dimensions

		Type of Subject Street Line		
		Local Road	Collector Road	Arterial Road
Type of Intersecting Street Line	Local Road	4.5 x 4.5	9.0 x 9.0	9.0 x 9.0
	Collector Road	9.0 x 9.0	9.0 x 9.0	15.0 x 15.0
	Arterial Road	9.0 x 9.0	15.0 x 15.0	15.0 x 15.0

4.6.3. The area within a **sight triangle** is determined by measuring from the point of intersection of the **front lot line** and the **exterior lot line** the required length along each **street line** as per Table 4.6.2. A third line connects the two points on the two **street lines** to complete the **sight triangle**.

4.6.4. Despite Clause 4.6.2., where a **development** is subject to a Site Plan Control application under Section 41 of the **Planning Act** or a plan of subdivision application under Section 51 of the **Planning Act**, such **sight triangle** may be reduced to the satisfaction of the **City** through the applicable process.

(By-Law Number 2022-62; 2024-332)

4.6.5. Despite Clause 4.6.2., **sight triangle** provisions do not apply to a **building** that existed as of the date of passing of this By-law on a **lot** in the DT1 Zone, DT2 Zone and HCD2 Zone.

- 4.6.6.** Despite the definition of **sight triangle**, where a **corner lot** includes a **front lot line** and **exterior lot line** that do not intersect at one point, the area within the **sight triangle** is determined by measuring the hypothetical point of intersection of the extension of the **front lot line** and the extension of the **exterior lot line**.

Diagram 4.6.6. – Sight Triangle

4.7. Drive-Through Provisions

- 4.7.1.** The minimum **separation distance** from a **drive-through** to a **lot** within an Urban Residential Zone, Urban Multi-Unit Residential Zone, HCD1 Zone, HCD3 Zone, HAM Zone, RUR Zone, LSR Zone or DR Zone is 15.0 metres.

- 4.7.2.** Where a **lot** is **used** for a **drive-through** and the **interior lot line** or **rear lot line** abuts a **residential use** or undeveloped land in an Urban Residential Zone, Urban Multi-Unit Residential Zone, HCD1 Zone, HCD3 Zone, HAM Zone, RUR Zone, LSR Zone or DR Zone, then:

- 1.** A minimum 3.0 metre wide **planting strip** must be provided along the portion of the **lot line** that abuts such **use** or **lot**;
- 2.** The minimum **height** for the row of trees or a continuous hedgerow of evergreens or shrubs located in the **planting strip** is 1.5 metres; and

3. **Driveways, walkways** and similar features are permitted to cut across a **planting strip** perpendicularly.

4.7.3. Where a **lot** is **used** for a **drive-through** and has a **street line** located on the opposite side of the **street** from a **residential use** or undeveloped land in an Urban Residential Zone, Urban Multi-Unit Residential Zone, HAM Zone, HCD1 Zone, HCD3 Zone, RUR Zone, LSR Zone or DR Zone, then:

1. A minimum 3.0 metre wide **planting strip** must be provided along the portion of the **street line** that is opposite to such **use** or **lot**; and
2. **Driveways, walkways** and similar features are permitted to cut across a **planting strip** perpendicularly.

4.8. Frontage on a Public Street

4.8.1. A **lot** or **building** must not be **used** or **developed** unless the **lot** has a **lot line** which is also a **street line**.

4.8.2. Despite Clause 4.8.1.:

1. A **lot** is permitted to be **used** or **developed** as a public **park** where such **lot** abuts a **right-of-way** that is **used** by **motor vehicles** with deeded access to the **City**; and
2. A **lot** in existence on the date of passing of this By-law in the **rural area** that does not have a **lot line** which is also a **street line**, is permitted to be **used** for **agricultural uses, rural uses** or **forestry uses** if the applicable Zone permits such **use**. No **buildings** are permitted on such **lot**.

4.9. Generally Permitted Uses

Uses Permitted in all Zones

4.9.2. Despite anything to the contrary in this By-law, except where greater restrictions are provided in the Overlay Provisions in Section 5 and **waterbody separation distance** provisions of Subsection 4.23., any **lot** or **building** may be **used** or **developed** for essential emergency service **uses** such as fire halls, police stations, ambulance stations, and similar public response **uses** in any Zone, except for EPA, AG and MX1 Zones. All **buildings developed** in conjunction with these **uses** must comply with all provisions of this By-law that apply to the **lot**.

4.13. Building Components Exempt from Specific Provisions

- 4.13.1. **Buildings** connected to a **public use** and **buildings** located in public **parks** are exempt from the provisions of this By-law which regulate the size and location of such **buildings**, including but not limited to **setbacks**, **separation distances**, **height**, **building depth**, **lot coverage** and **landscaped open space**.
- 4.13.2. Any **building** component that is located wholly below existing grade, including **basements**, **parking structures**, geothermal devices, renewable energy devices, , or

other similar **building** components, are exempt from the provisions of this By-law which regulate **setbacks** from **lot lines** or maximum **building depth**, but must comply with all other applicable provisions of this By-law.

(By-Law Number 2022-62; 2024-332)

4.13.5. For the purpose of this Subsection, "existing grade" means the existing grade of the portion of the **lot** immediately surrounding and/or on top of such component, prior to the **development** of such **building** or **building** component.

4.14. Temporary Uses

Temporary Retail and Seasonal Sales

4.14.1. Nothing in this By-law prevents an area outside of a **building** within a CN, WM1, WM2, CA, CD, CR, CG, CW, DT1, DT2, HCD2, HB, RC and HAM Zone, which is **used** in conjunction with a business located on the same **lot**, to be **used** for the display or retail sales of seasonal produce or new merchandise, provided such area:

1. Is seasonal in nature and does not include a permanent retailing area; and
2. Is not located within a fire lane, a **parking lot** or a **loading space** required to fulfill the provisions of this By-law, or a **driveway** or passageway which provides an access route for vehicular traffic across the **lot** or to a **street** which abuts said **lot**.

Temporary Construction Buildings and Equipment

- 4.14.2.** Despite anything to the contrary in this By-law, the following temporary **buildings** or equipment are permitted in any Zone, except an EPA Zone or lands that are subject to the Floodplain Overlay as per Subsection 5.1. or the **waterbody separation distance** of Subsection 4.23., during a period of **construction**:

(By-Law Number 2022-62; 2024-332)

5.4.3. In accordance with Clause 2.6.2., a Holding Overlay has been established in the area identified as "Water Supply/Water Quality" on Schedules D1 and D2. The "Second Rural Unit– Water Supply/Water Quality" on Schedule D1 only applies to the **development** of a **second rural unit** and the "Third Rural Unit– Water Supply/Water Quality" on Schedule D2 only applies to the **development** of a **third rural unit**. Prior to the removal of any **lot** from a Holding Overlay and the issuance of a building permit for an **additional rural unit**, the following conditions must be satisfied:

 - (a) A letter of opinion to the satisfaction of the **City's** Environment Director (or designate) from an independent, qualified professional must be submitted stating that the private water supply is sufficient to support the **additional rural unit** in combination with the normal operation of the **principal dwelling** on the **lot**. The qualified professional must hold a valid licence to practice in Ontario as either an engineer (P.Eng.) or geoscientist (P.Geo). The letter must be signed by the qualified professional and must demonstrate how the supply well will support the increased demand required by the **additional rural unit** while ensuring that neighbouring wells are not adversely impacted. In addition, the qualified professional must include a statement that any water quality treatment systems in place at the time of review are sufficient in terms of design, maintenance and condition to safely service the proposed **additional rural unit** in combination with the existing **principal dwelling unit**; and
 - (b) Approval of the **private sewage system** must be obtained from the **City** or applicable approval authority.

2. The following conditions apply to a detached **additional rural unit** or an **additional rural unit** that is attached to the **principal building** and is not connecting to existing **private services**:

The Hydrogeological Study must be completed in accordance with the **City's** Standard for Hydrogeological Assessments. Adjustments to the requirements of a full hydrogeological study to demonstrate the suitability of private water supply may be considered by the **City's** Environment Director (or designate). The Hydrogeological Study must also assess sewage system impact and demonstrate that:
 - (i) The area of development is not hydrogeologically sensitive; and

(ii) The **private sewage system** is isolated from the receiving aquifer, or the impact of the **principal dwelling unit** plus the **additional rural unit** is less than 10 milligrams per litre nitrate-nitrogen at the property boundary.

(b) Approval of the **private sewage system** must be obtained from the **City** or applicable approval authority.

(By-Law Number 2022-62; 2024-332)

5.4.4. In accordance with Clause 2.6.2., a Holding Overlay has been established in the area identified as "Servicing Capacity (Cana Subdivision)" on Schedules D1 and D2. The "Second Rural Unit– Servicing Capacity (Cana Subdivision)" on Schedule D1 only applies to the **development** of a **second rural unit** and the "Third Rural Unit– Servicing Capacity (Cana Subdivision)" on Schedule D2 only applies to the **development** of a **third rural unit**. Prior to the removal of any **lot** from a Holding Overlay and the issuance of a building permit for an **additional rural unit**, the following conditions must be satisfied:

1. A letter of opinion has been provided from a qualified professional confirming that water and/or wastewater capacity issues will not be experienced on the **lot** as a result of the establishment of an **additional rural unit**, to the satisfaction of Utilities Kingston.

(By-Law Number 2022-62; 2024-332)

5.4.5. In accordance with Clause 2.6.2., a Holding Overlay has been established in the area identified as "Fourth Residential Unit Holding Area" on Schedule D3 and only applies to the development of a fourth **dwelling unit** in a **house, semi-detached house, townhouse** or **accessory house** on one **lot** in chronological order of **development** of the **lot**. Prior to the removal of any **lot** from the Holding Overlay and the issuance of a building permit for the fourth **dwelling unit** in a **house, semi-detached house, townhouse** or **accessory house** on one **lot**, the following conditions must be satisfied: The **City** is satisfied that there is adequate servicing capacity (i.e., water, wastewater, natural gas, and electrical) for the proposed development;

1. All necessary studies, as determined by the **City**, have been completed and accepted by the **City**. Required studies may include but are not limited to studies related to servicing capacity, transportation impact, parking, soil, noise, natural heritage features, archaeological, environmental constraints or a Record of Site Conditions.

Note: There are limitations in the number of plumbing fixtures that are permitted under the Ontario Building Code that are dependent on the size of the water service to a property. Many areas of the City have a water service size that will limit the number of plumbing fixtures. Applicants are encouraged to contact the City early in the design process to determine the number of plumbing fixtures that will be permitted.

(By-Law Number 2022-62; 2024-333)

5.5. Exception Overlay

- 5.5.1.** The Exception Overlay on Schedule E has the effect of restricting the **development** or **use** of a **lot** or **building** in accordance with the provisions of the corresponding Legacy Exception in Section 20 or Exception in Section 21. Unless specifically amended by the Exception, all provisions of this By-law continue to apply.
- 5.5.2.** Despite Clauses 1.5.1. and 1.5.2., the applicable **former zoning by-laws** apply to assist in the interpretation of any Legacy Exception provision in Section 20 originally enacted under the applicable **former zoning by-law**. Where a provision of this By-law is more restrictive than the applicable **former zoning by-law** in respect of the interpretation of any Legacy Exception, the provision of the **former zoning by-law** that was in force as of the date of passing of this By-law prevails and may be relied upon for the issuance of a building permit where the building permit is consistent with the content of the rezoning application that resulted in the approval of such Legacy Exception.
- 5.5.3.** The Legacy Exceptions in Section 20 are drafted in the language of the applicable **former zoning by-law**, which may not be consistent with the language used in the balance of this By-law. Terminology contained in Section 20 is specific to the particular Legacy Exception and does not apply to the balance of this By-law. **Uses** referenced in Section 20 and not referenced elsewhere in this By-law are not to be construed as distinct from those **uses** referred to in Sections 1 through 19 or Sections 21 through 24.
- 5.5.4.** Where a Legacy Exception in Section 20 or Exception in Section 21 refer to “the site specific by-law”, the intent is to reference the implementing zoning by-law that established the Legacy Exception under the applicable **former zoning by-law** or Exception under this By-Law, as applicable.
- 5.5.5.** Despite Clause 5.5.2., where a Legacy Exception only permits a select range of building types that are considered to be a house, semi-detached house or townhouse by this By-law, such Legacy Exception is interpreted to allow a house, semi-detached house or townhouse subject to the maximum number of dwelling units identified in the applicable Zone, of which a maximum of one dwelling unit is permitted in an accessory house or as a detached additional rural unit (as applicable), and subject to compliance with all provisions of this By-law including all Housing Constraint Area Overlays in Subsection 5.4.

(By-Law Number 2022-62; 2024-332)

5.6. Holding Overlay

- 5.6.1. In accordance with Clause 2.6.2., a Holding Overlay has been established as Schedule F which has the effect of restricting the **development** of a **lot** in accordance with the corresponding Holding Conditions in Section 22.
- 5.6.2. A **lot** that is subject to a Holding Overlay may only be **developed** for the following purposes until such time as the Holding Overlay is removed:
1. **Uses** that legally existed on the date of the passing of this By-law;
 2. A **model home** in accordance with Clause 6.6.1.
- 5.6.3. Despite Clause 5.6.2., where the corresponding Holding Condition in Section 22 states that it only applies to specific **development**, all other permitted **development** may proceed prior to the removal of the Holding Overlay.
- 5.6.4. The Holding Overlay may be partially removed from any **lot**, either through revisions to the extent of lands covered by the Holding Overlay or by revisions to the language of the Holding Conditions in Section 22.
- 5.6.5. A **building** that legally existed as of the date of passing of this By-law on a **lot** that is subject to a Holding Overlay may be renovated or altered if such renovation or alteration does not:
1. Increase the **height**, size or volume of the **building**;
 2. Have the effect of adding one or more **bedrooms** or **dwelling units**; or
 3. Change the **use**.

5.7. Non-Residential Conversion Overlay

- 5.7.1. All existing **buildings used**, either in part or as a whole, for **non-residential uses** on a **lot** identified as "Non-Residential Conversion Area" on Schedule G of this By-law are permitted to be **converted** to a **mixed use building** or an **apartment building** through the **construction** of one or more **dwelling units**.
- 5.7.2. The **conversion** of existing **buildings** permitted by Clause 5.7.1. does not require any zoning relief related to the location and size of the existing **building** and is exempt from Subsection 4.3. requiring **amenity area** and Subsection 4.16. requiring **planting strips**, but must comply with all other applicable provisions of this By-law.

5.7.3. In accordance with Clause 2.6.2, a Holding Overlay has been established in the area identified as “Non-Residential Conversion Area – Holding Overlay” on Schedule G. Prior to the removal of any lot from a Holding Overlay and the issuance of a building permit for a **conversion** in accordance with Clauses 5.7.1. and 5.7.2., the following conditions must be satisfied:

- (a) The **City** is satisfied that there is adequate servicing capacity (i.e. water, wastewater, natural gas, and electrical) for the proposed development;
- (b) All necessary studies, as determined by the **City** through the pre-consultation process, have been completed and accepted by the **City**. Required studies may include but are not limited to studies related to servicing capacity, transportation impact, parking, soil, noise, natural heritage features, archeological assessments, heritage impact assessments, environmental constraints or a Record of Site Condition; and
- (c) All agreements required by the **City** through the pre-consultation process, including site plan control, have been executed and registered on title, as appropriate.

5.8. Express Transit Area Overlay

5.8.1. All **lots** with a **street line** along a **street** identified as an Express Transit route subject to an identified height (in **storeys** and **metres**) on Schedule H of this By-law are intended to be **developed** with an **apartment building** or **mixed use building** through a minor variance application in accordance with Section 45 of the **Planning Act** and the Express Transit Area policies of the Official Plan.

5.8.2. Where an **apartment building** or **mixed use building** is permitted through a minor variance in accordance with Clause 5.8.1., the provisions of Sections 8 to 21 of this By-law do not apply, and instead the performance standards in Table 5.8.2. and Clauses 5.8.3. and 5.8.4. apply. All other applicable provisions of this By-law must be complied with. It is the intent of this By-law to allow for minor variances to the performance standards where necessary due to the unique configuration, layout or location of a **lot** in accordance with the policies of the Official Plan.

Table 5.8.2. – Express Transit Area Performance Standards

Zoning Provision	all permitted uses
1. Minimum lot area (square metres)	—

Zoning Provision	all permitted uses

9. Minimum landscaped open space	10%
10. Maximum lot coverage	To be determined through minor variance application
11. Minimum floor to floor height of first storey	4.5 metres

5.8.3. Despite the definitions of **front lot line** and **rear lot line**, for the purpose of this Subsection, the **front lot line** is the **street line** along a **street** identified as “Express Transit”. If a **lot** has more than one **street line** along a **street** identified as “Express Transit”, then the shorter **lot line** is considered the **front lot line**.

5.8.4. In addition to the provisions of Table 5.8.2., **apartment buildings** or **mixed use buildings** permitted through a minor variance must comply with the following provisions:

- 1.** The minimum **separation distance** between a **building** and a **lot** located in a UR Zone is:
 - (a)** For **storeys** 1 to 4: 10 metres;

- (b) For **storeys** 5 to 6: 15 metres; and
 - (c) For **storeys** 7 and above: 20 metres.
- 2. The main pedestrian entrance to the **building** must be located on the **main wall** facing the **front lot line**.
- 3. A minimum of 50% of the **front yard** and **exterior yard** must be soft landscaping that allows water to permeate into the ground (vegetation such as trees, shrubs, hedges, ornamental plantings, grass, groundcover or other similar plantings).

At the second **storey** and above, the maximum horizontal length of one continuous plane of a **main wall** of a **building** facing the **front lot line** and **exterior lot line** is 30 metres before articulation is provided. Articulation must be provided in the form of relief for a minimum horizontal length of 6 metres along the **main wall** at a minimum depth of 2 metres from the face of the **main wall**.
- 7. For **buildings** greater than 10 **storeys** in **height**, the maximum floor plate of all **storeys** above the 6th **storey** is 800 square metres. Floor plate includes all areas enclosed within exterior walls, including hallways, elevators, stairs, mechanical shafts, and all similar components.
- 8. Where a **lot** is adjacent to a lot in a UR Zone, within the required **rear setback**, a minimum 2.0 metre wide **planting strip** must be provided along the full length of the **rear lot line** and must comply with Subclause 4.16.1.2.

5.9. Servicing Allocation Policy Overlay

- 5.9.1. Where a Servicing Allocation Policy is in effect, in accordance with Clause 2.6.2, a Holding Overlay is established in the area identified as "Servicing Allocation Policy Area" on Schedule J.
- 5.9.2. No new **development** is permitted in the Servicing Allocation Policy Area until such time that the Holding Overlay is removed for specified forms of **development** through a partial hold removal in accordance with Clause 2.6.4.

- 5.9.3.** In order to remove the Servicing Allocation Policy Area Holding Overlay, the following conditions must be satisfied:
- 1.** The **City** has confirmed servicing allocation for the specified form of development in accordance with the Servicing Allocation Policy.
- 5.9.4.** Despite Clause 5.9.2., where the Servicing Allocation Policy specifies forms of **development** that are not subject to the Policy, such forms of **development** are not subject to the Servicing Allocation Policy Area Holding Overlay.
- 5.9.5.** Where the **City** has established an expiry on a servicing allocation for a specified form of **development** as per Subclause 5.9.3.1. and that allocation expires, amendments to the Servicing Allocation Policy Overlay to delete the partial hold removal are considered a technical revision in accordance with Clause 1.10.2.”;

Section 6: Specific Use Provisions

6.1. Tiny Houses, Mobile Homes and innovative Housing Technologies

6.1.1. **Tiny houses, mobile homes**, modular homes and other similar innovative housing technologies that result in the construction of a **dwelling unit** are considered a **dwelling unit** in a **residential building**. Where permitted, they must comply with all provisions applicable to:

1. the **principal residential building** in the **urban area** or **rural area**, as applicable; or

6.16.2. Despite Clause 6.16.1., where a **stadium** legally existed as an **accessory use** prior to the passage of this By-law, the **stadium** is considered to be a permitted **use** on such **lot** so long as the **stadium** continues to be **used** as a **stadium**.

6.17. Food Trucks

6.17.1. Food trucks that stand more or less permanently in one place on a **lot** are considered **buildings** in accordance with this By-law and must comply with all provisions of this By-law that apply to **buildings**, in addition to the provisions of Subclauses 6.17.3.1. to 6.17.3.7.

(By-Law Number 2022-62; 2024-332)

Section 7: Parking, Loading and Bike Parking Provisions

7.1. Parking Space Ratios

- 7.1.1.** The minimum number of **parking spaces**, maximum number of **parking spaces** and minimum number of **car-share spaces** set out in Table 7.1.1. must be complied with and located on the same **lot** as the corresponding **use** or **building**.
- 7.1.2.** This By-law places all lands subject to this By-law in one or more Parking Areas shown on Schedule 2. In accordance with Clause 7.1.1., required **parking spaces** are calculated by the ratio required for the applicable Parking Area. For the purpose of this By-law, the following nomenclature may be used interchangeably:
1. Parking Area 1 or PA1;
 2. Parking Area 2 or PA2;
 3. Parking Area 3 or PA3;
 4. Parking Area 4 or PA4; and
 5. Parking Area 5 or PA5.
- 7.1.3.** Despite Clause 7.1.2., where any portion of a **lot** in PA5 is within 600 metres **walking distance** of the “Kingston Transit Route” identified on Schedule 2, measured to the boundary of the **street line**, the Parking Area that applies to that portion of the “Kingston Transit Route” may apply to such **lot**.
- 7.1.4.** Where more than one Parking Area applies to one **lot**, the required **parking spaces** are calculated based on the Parking Area that requires the fewest number of **parking spaces**.
- 7.1.5.** Where a **lot** contains more than one **use**, the required number of **parking spaces** is the sum of all **parking spaces** required for each **use**.
- 7.1.6.** When the computation of the required number of **parking spaces** for each **use** on a **lot** results in a number containing a fraction, that minimum number of **parking spaces** required for each **use** must be increased to the next highest whole number only if the fraction is equal to or greater than 0.5.
- 7.1.7.** Despite Clause 7.1.6., when the computation of the required number of **accessible spaces** results in a number containing a fraction, the minimum number of **accessible spaces** is increased to the next highest whole number.

- 7.1.8.** Despite Clause 2.1.9., where two or more provisions of this By-law conflict as it relates to the calculation of the minimum number of standard **parking spaces**, the lesser requirement prevails. For example, where an Exception in Section 20 or Section 21 requires a greater number of **parking spaces** than Section 7, the provisions of Section 7 prevail. For clarity, this applies only to standard **parking spaces** and does not include **car-share spaces, visitor spaces, accessible spaces, bike spaces** or **loading spaces**.
- 7.1.9.** Where the number of **parking spaces** is identified as a ratio per “person”, the number is calculated based on the maximum number of persons which can be accommodated within the **building** according to the *Building Code Act, 1992*, unless otherwise specified in this By-law.
- 7.1.10.** Where a maximum number of **parking spaces** is identified in Table 7.1.1., the maximum applies to the number of standard **parking spaces** and excludes **accessible spaces, car-share spaces** and **visitor spaces**.
- 7.1.11.** Despite the definition of **gross floor area**, for the purpose of calculating the required number of **parking spaces**, floor area that is dedicated solely to the warehousing or storage of goods or products is excluded from the **gross floor area** calculation.

Off-Site Parking Spaces

- 7.1.12.** Despite Clause 7.1.1., where a **building** that exists as of the date of passing of this By-law is **converted** resulting in an increase in the number of **dwelling units**, required **parking spaces** may be provided off-site, within 60.0 metres of the **lot**.
(By-Law Number 2022-62; 2024-332)

Affordable Units and Heritage Buildings

- 7.1.13.** Despite Clause 7.1.1.:
- 1.** For **affordable units**, no **parking spaces** or **car-share spaces** are required, except for **accessible spaces** and **visitor spaces**. Where **affordable units** are mixed with other **dwelling units** on a **lot**, this provision only applies to the units that are **affordable units**.
 - 2.** For a lot that contains a designated **heritage building**, no **parking spaces, visitor spaces** or **car-share spaces** are required. Where **parking spaces** are provided, **accessible spaces** must be provided based on the ratio required by Subsection 7.2. before other **parking spaces** may be provided.

Reduction in Minimum Number of Required Parking Spaces

7.1.14. Despite Clause 7.1.1.:

- 1.** For **apartment buildings, dwelling units** in a **mixed use building** and **stacked townhouses**, the minimum number of **parking spaces** required may be reduced:
 - (a)** In accordance with the Cash-in-Lieu of Parking By-law.

(By-Law Number 2022-62; 2024-332)

Permission to Provide More Parking Spaces than the Maximum

7.1.15. Despite Clause 7.1.1.:

- 1.** In PA1 and PA2, the maximum number of **parking spaces** permitted by this By-law may be increased to a maximum of 1.25 **parking spaces per dwelling unit** if all **parking spaces** provided above the maximum ratio are **electric vehicle ready**.
- 2.** In PA3, PA4 and PA5, the maximum number of **parking spaces** permitted by this By-law may be increased to a maximum of 1.5 **parking spaces per dwelling unit** if all **parking spaces** provided above the maximum ratio are **electric vehicle ready**.

(By-Law Number 2022-62; 2024-332)

Electric Vehicle Supply Equipment Permitted

7.1.16. **Parking spaces** required or provided for any **use** may be used as part of **electric vehicle supply equipment**, whether or not a fee is charged for the **use** of such **electric vehicle supply equipment**.

Car-share Spaces Permitted

7.1.17. **Car-share spaces** are permitted in any **parking lot, commercial parking lot** or a **parking structure** in any Zone.

Temporary Use of Car-share Spaces

7.1.18. Where **car-share spaces** are required on a **lot**, such **car-share spaces** may be temporarily **used** as **visitor spaces** if no **car-share vehicle** services are in operation on the **lot**.

Addition to Existing Building – Parking Spaces

7.1.19. When a **lot** or **building** has insufficient parking on the date of passing of this By-law to conform to the provisions of this By-law, this By-law is not to be interpreted as requiring that the deficiency be made up prior to the **construction** of any addition provided, however, any additional **parking spaces** required by this By-law for such addition must be provided in accordance with all provisions respecting **parking spaces**.

(By-Law Number 2022-62; 2024-332)

Table 7.1.1. – Required Number of Parking, Visitor and Car-Share Spaces

7.2. Accessible Parking Provisions

7.2.1. Accessible spaces must comply with all applicable provisions of Section 7, except as specifically required by the provisions of Subsection 7.2.

Effective Parking Space Ratios to Calculate Required Accessible Spaces

7.2.2. The number of **parking spaces** used as the basis of calculating the minimum number of **accessible spaces** in Clause 7.2.3. is the greater of:

1. The number of **parking spaces** provided on the **lot**; or
2. The calculated number of **parking spaces** based on the **effective ratio** established for the corresponding **use** in Table 7.2.2.

Number of Required Accessible Spaces

2. Where the number of **parking spaces** in Clause 7.2.2. is between 13 and 100 **parking spaces**, 4% of the number of **parking spaces** in Clause 7.2.2. must be **accessible spaces**;

3. Where the number of **parking spaces** in Clause 7.2.2. is between 101 and 200 **parking spaces**, one **parking space** plus 3% of the number of **parking spaces** in Clause 7.2.2. must be **accessible spaces**;
4. Where the number of **parking spaces** in Clause 7.2.2. is between 201 and 1,000 **parking spaces**, two **parking spaces** plus 2% of the number of **parking spaces** in Clause 7.2.2. must be **accessible spaces**; and
5. Where the number of **parking spaces** in Clause 7.2.2. is more than 1,000 **parking spaces**, 11 **parking spaces** plus 1% of number of **parking spaces** in Clause 7.2.2. must be **accessible spaces**.

7.2.4. Despite Clause 7.2.3., where a **lot** contains a **house, semi-detached house, additional residential unit, tiny house** or **freehold townhouse** where **parking spaces** are accessed directly from a **driveway**, no **accessible spaces** are required.
(By-Law Number 2022-62; 2024-332)

7.2.5. Despite Clauses 7.2.2. and 7.2.3., where a **lot** contains a **use** with **parking spaces** that are reserved for exclusive **use**, such as law enforcement vehicles, emergency services vehicles, impounded vehicles, transportation fleets or other similar vehicles, such exclusive **use parking spaces** are not included in the calculation of the **parking spaces** for the purpose of calculating **accessible spaces**.

Type A and Type B Accessible Space Calculations

7.2.6. The calculation of the required number of Type A and Type B **accessible spaces** must comply with the following provisions:

1. Where an even number of **accessible spaces** is required by Clause 7.2.3., an equal number of Type A and Type B **accessible spaces** must be provided;
2. Where an odd number of **accessible spaces** is required by Clause 7.2.3., an equal number of Type A and Type B **accessible spaces** must be provided, but

the additional **accessible space**, the odd-numbered space, may be either a Type A or a Type B **accessible space**;

3. Despite Subclause 2., where only one **accessible space** is required, it must be a Type A **accessible space**.

Accessible Parking Design Standards

7.2.7. Accessible spaces must comply with the following minimum widths:

1. The minimum width of a Type A **accessible space** is 3.4 metres; and
2. The minimum width of a Type B **accessible space** is 2.7 metres.

7.2.8. Accessible spaces must comply with the following minimum vertical clearances:

1. The minimum vertical clearance of an **accessible space** located in a **parking structure** is 2.1 metres; and
2. The minimum vertical clearance of all other **accessible spaces** is 2.9 metres.

7.2.9. An **accessible aisle** must be provided for each **accessible space** and may be shared by a maximum of two **accessible spaces**. **Accessible aisles** must:

- (a) Have a minimum width of 1.5 metres;

1. Have an accessible permit parking sign that satisfies the requirements of the *Highway Traffic Act*;
2. Have a maximum gradient of 5%; and
3. Type A **accessible spaces** must have signage that identifies the space as “van accessible”.

7.3. Bike Parking Provisions

Bike Space Ratios

- 7.3.1.** The minimum number of **long-term bike spaces** and **short-term bike spaces** required by the ratios set out in Table 7.3.1. or Table 7.3.2. or Table 7.3.3 must be provided on the same **lot** as the corresponding **use** or **building**. Despite the generalized Zone-based ratios provided in Table 7.3.2. for **non-residential uses**, the **use**-based ratios in Table 7.3.3. apply, except in the case of a multi-tenanted **building** with more than one **principal use**, then the generalized Zone-based ratios of Table 7.3.2. apply.
- 7.3.2.** Where a **lot** contains more than one **use**, the required number of **bike spaces** is the sum of all **bike spaces** required for each **use**. Where multiple tenants separately occupy spaces or units in one **building**, the required number of **bike spaces** is calculated based on the total number of **bike spaces** that are required for the entire **building** and may be provided as one central bike facility, or individually across the separate units in a manner that generally proportions the bike facilities based on the gross floor area of each unit. Where the ultimate **use** of each unit is unknown at the time of construction, the permitted **use** which generates the highest number of **bike spaces** must be used to calculate the required number of **bike spaces**.
- 7.3.3.** Where a **lot** contains more than one **building**, the **bike space** requirements are calculated and provided for each **building** as though they are on their own individual **lot**.
- 7.3.4.** When the computation of required **bike spaces** results in a number containing a fraction, the minimum number of **bike spaces** required is increased to the next highest whole number if the fraction is equal to or greater than 0.5, unless otherwise required by this By-law.
- 7.3.5.** Despite the definition of **gross floor area**, for the purpose of calculating the required number of **bike spaces**, floor area that is dedicated solely to the storage of goods or products is excluded from the **gross floor area** calculation.
- 7.3.6.** Where possible, the requirements of Clauses 7.3.7. through 7.3.13. may be combined in a manner that allows one **bike space** to satisfy more than one requirement.
(By-Law Number 2022-62; 2024-332)

Long-term Bike Space Requirements

- 7.3.7.** The **long-term bike spaces** required by Clause 7.3.1.:

2. Are not permitted in a **dwelling unit** or on the **balcony** of a **dwelling unit**;
3. Must be provided in a location that has access directly to a **street line** by way of a continuous pathway consisting of:
 - (a) A hallway, aisle, sidewalk or **walkway**;
 - (b) An elevator that permits bikes to the satisfaction of the **City**;
 - (c) A ramp, which may be provided as a wheel ramp along the side of a set of stairs if such ramp is a minimum of 0.15 metres wide and does not cut into the stair tread; and/or
 - (d) A **drive aisle** or **driveway**.
4. A maximum of 75% of the required **long-term bike spaces** are permitted to be provided as **vertical bike spaces**.

(By-Law Number 2022-62; 2024-332)

7.3.8. Despite Clause 7.3.7.:

1. Where a **long-term bike space** is required for a **house, semi-detached house, townhouse** and **accessory house**, it is exempt from Clauses 7.3.7., 7.3.10., 7.3.11. and 7.3.12. and must:
 - (a) be provided in a secure, enclosed location such as within an **accessory building**, or within a vestibule or other interior floor area that doesn't form part of a **dwelling unit**; and
 - (b) be provided with a continuous pathway that ensures clear access from the **street** to the **long-term bike space**.
2. Where a building that existed on the date of passing of this By-law is converted in a manner that results in the introduction of dwelling units or an increase in the number of dwelling units, it is exempt from Clauses 7.3.7.2. and 7.3.7.4.

(By-Law Number 2022-62; 2024-332)

Short-term Bike Space Requirements

7.3.9. The **short-term bike spaces** required by Clause 7.3.1.:

 - (a)** A hallway, aisle, sidewalk or **walkway**;
 - (b)** An elevator that permits bikes to the satisfaction of the **City**;
 - (c)** A ramp, which may be provided as a wheel ramp along the side of a set of stairs if such ramp is a minimum of 0.15 metres wide and does not cut into the stair tread; and/or
 - (d)** A **drive aisle** or **driveway**; and
- 3.** Must be provided in an easily accessible and well lit location no more than 15.0 metres **walking distance** from a pedestrian entrance to the **building**. Where multiple tenants separately occupy spaces or units in one **building**, and the **bike spaces** are provided as one central bike facility as per Clause 7.3.2., this requirement does not apply.
